Comanche Chief Publisher And Associates Jointly Honored By Chamber of Commerce and Lions

The Comanche Lions Club and Chamber of Commerce jointly sponsored an appreciation dinner and testimonial meeting at the high school lunchroom Tuesday night for J. C. Wilkerson Sr., publisher of The Comanche Chief and associates.

Boyce House, author, writer, and publicity director of the Fort Worth Fat Stock Show and Southwestern Exposition, was the speaker for the occasion. E. E. Jones, manager of the Chamber of Commerce, was master of ceremonies.

Pat Cagle, former Lions Club president, Chamber of Commerce director, and National Chairman of the Peanut Association in America, presented Wilkerson with a Certificate of Appreciation plaque which read as follows:

"By These Presents be it Known that in grateful recognition of the unstinted and invaluable service rendered to his community and to this organization THE COMANCHE CHAMBER OF COMMERCE, presents this Certificate of Appreciation to J. C. Wilkerson and The Comanche Chief, having served during the years 1925-1952

"Be It Further Known that this certificate is given that all men may know this organization has honored him with this high award and is an evidence of its appreciation of his faithful, loyal, and unselfish efforts in the civic interests of this community.

J. V. Lee, President
E. E. Jones, Manager.
On the arrangements committee for the dinner were J. V. Lee, president of the Chamber of Commerce; E. Paul Jeanes, and Sutton Dudley of the Lions Club.

A historical sketch of The Chief was read by Jones, pointing out that at the time of its founding in 1873 it was Texas' westernmost newspaper.

The Chief was founded by the late G. A. Beeman, father of Mrs. John Bell Chilton of Comanche. Ownership of the newspaper passed through the hands of more than a dozen others before Wilkerson, who was then superintendent of the Rockdale Schools, bought the publication in 1925. The period of 27 years of Wilkerson's ownership, is more than twice as long as that of any other man who has headed The Chief.

Others recognized at the meeting for their distinguished service on the paper and civic leadership were James Wilkerson, business manager, who has been with The Chief since receiving his degree in Journalism from the University of Texas in 1938; John Carpenter, mechanical department foreman, who has been continuously associated with The Chief since 1930; and Bob Carpenter, linotype operator since 1928, whose first connection with The Chief was as printer's devil in his early teens.

An unusually good dinner featuring barbecued steak was served by Mrs. Coleman and her helpers to some 75 members of the Lions Club and guests, including Mayor Jaye of Gorman.

Funeral Services For Mrs. W. P. St. Clair Here Friday Afternoon

Funeral services for Mrs. W. P. St. Clair, will be held at the First Methodist Church in Comanche Friday afternoon at 2 o'clock with her pastor Rev. Raymond M. Burton in charge. Burial will be in the De Leon Cemetery.

Mrs. St. Clair, the wife of Justice of the Peace and former Sheriff, died Wednesday night in a Fort Worth Hospital.

Mr. and Mrs. Roy D. Adams and Rickey and Billie returned to their home here last Wednesday from Grapeland, where Mr. Adams had been working in the peanut harvest. Mr. Adams reports that peanuts there are averaging about 22 bushels per acre.

The game is rated as a toss-up, but a majority of local fans think that this will be the Indians' year. Coleman, with 12 victories in the last 13 years over the Indians, holds the widest margin of wins over Comanche than any other school. The Indians have defeated the Bluecats only once since 1928—that being a 6-0 margin in 1941.

Comanche High School's Indians journey to Coleman Friday night, where they meet the Bluecats in next-to-the-last non district game of the 1952 season. Kick off time will be 8 o'clock.

Coach P. T. Galiga describes the Bluecats of District 9-AA as big, rough, and aggressive with good passing by their sophomore quarterback Thompson weighs in at 175 pounds.

"The Bluecats beat us 14-7 last year, and have just about the same team as they had last year," Indians will be facing their toughest continues Galiga, saying that the team of the year.

Coleman, a hot and cold ball club this season, come out on the short end of a 12-0 count at Kermit Saturday night, but the week before trounced Cisco 47-20.

Indians Undefeated

Coach Galiga's and Borchert's Indians are undefeated, and have not been seriously extended in 5 feated De Leon 34-7, Waca Kittens 40-0, Hamilton 45-0, Lakeview 78-0, and San Saba 14-0.

The Indians meet their sternest test Friday night, in a scrapping San Saba eleven.

35 Years Ago

From The Comanche Chief
September 28, 1917

A. W. Wright of Newburg was a Comanche visitor last week and sold a bale of cotton to Higginbotham's for 24 cents. The bale weighed 578 and brought \$138.30. He sold the seed for \$32.50 making a total of \$171 and left him a net of \$163.30 after paying \$5.70 for the shipping. We have seen the day when that same bale of cotton would not have brought \$35.

Births of sons this week were reported to Mrs. Clemons Luker of Proctor, Mrs. E. M. Kilgore of Sidney, and Mrs. Cliff Jones of Sidney. A daughter was born to Mrs. C. C. Blackmon, Sidney.

No one fully knows the joys of camping and outdoor life until he has enjoyed a week's stay on the Narrows of the Copperas, familiarly known as the "Narrows," says Troy Cauley, Eagle Patrol Leader, who with the scouts spent last week there.

In the Narrows are to be found boulders as massive as miniature sky-scrapers; springs in almost countless numbers; caverns, great enough in numbers and size, to house the entire population of Comanche; cliffs, canyons and chasms, scattered as promiscuously over the landscape as fruit trees in an orchard; and in spite of the rocky texture of the soil, there exists a most gorgeous vegetation, and through the very center of this flows the water of Copperas Creek, says Troy.

One of the features of the Narrows is "Midnight Cave", in the depth of which a lighted lantern or candle will go out.

Another is the "Needle's Eye", a volcanic rupture in solid rock, varying in width from two to four feet, and 15 to 30 in depth, and perhaps 150 feet in length.

Next we came to the famous "Dripping Springs," which because of our lack of ability to describe a perfectly heavenly place, we will omit.

Before you leave the Narrows, do not fail to fire a shotgun, the report which will echo and re-echo, for what seems to be minutes.

The peculiar atmospheric condition of the cavern renders it astonishingly impossible to estimate distance.

A person who lives in Comanche County and who has never visited this remarkable work of nature near Beattie should not postpone the trip another week. We do not believe that there is another such wonderful spot in the whole State of Texas which has received so little publicity.

Prof. Ben Randall of Hico, who used to teach at Sipe Springs, came over to Comanche this week to visit his son, Will. He operates Randall's Academy in Hico.

It is not too late to plant calliopsis, candytu cornflower, gaillardia and jacksour. There is also time to set all the bulbs and lilies except the madonna, which should have been planted earlier in the fall.

This is an excellent hardy flower that will come back year after year. For the time and effort expended it will probably give more satisfaction than any other of the flowers of this class. It will do well in almost any kind of soil, but must be where it can get sunshine for best results. Plant now in groups along the borders, as it is here that the iris shows up to best advantage.

St. Matthew's Episcopal Church

Insanity is a frightening word in the world today. The experts say that one out of every twenty of us will spend part of his life in a mental institution. How many more will be "border-line" cases? Yet it's not just a personal problem. This political campaign, when we get off and look at it from a distance, seems a little crazy too. In an hour when our nation needs a strong, clean, highly moral leader, two candidates and our President run back and forth across the country reviling and condemning one another. In Korea, we seem to be fighting a war where none can win but all must lose. The battle field is like a giant witch's pot where the nations of the world are moved by some insane necessity to pour their best young men. The world needs sanity—and sanity is sanctity—holiness. A person is fully sane when he is inclined to act in accordance with reason—common sense. Jesus was the only perfectly sane man. The great saints shared in His sanity. You and I and the world can only be sane insofar as we can be Christ-like. That's why religion is the most important thing in the world.

Religion—is a word from the Latin re-ligare meaning "to bind together again". Religion is the binding back together of God and man.

A mission will be held in St. Matthew's Episcopal Church next week (October 19th to 24th) at 8:00 each evening. The preacher is the Rev. J. McCausland, S.S.J.E., Anglican Monk from Bracebridge, Canada. What is a mission? It is not an attempt to stir up religious ferocity by sensational means—a "revival" in the usual sense of the word. It is not to get you all a sales promotion campaign or excited. It is not in any sense a membership canvass. A Mission is primarily a presentation of the Christian Religion in a series of addresses and instructions, given every night for a week, so that people may have a chance to see it as a whole. To see how the parts fit in with one another and make a complete picture. All who wish to join in this great week's experience will be heartily welcome.

CARD OF THANKS

We wish to express our sincere thanks to all our friends for the efficient help, service, cards, letters and other expressions of kindness extended J. R. McKinzie while he was recovering from his burns.—J. R. McKinzie and family

F. H. A. GIRLS OF
CHS HAS SLUMBER PARTY

The F. H. A. Girls of Comanche High School had a slumber party Friday night October 10 at the Gym. Everyone went to the San Saba-Comanche football game and then to the gym for a night of fun. The doors to the gym were locked and guarded so that no one could get in or out after 12 midnight. The program had been planned and a few plays were given. Another attraction was the initiation by some of the girls of the teachers and girls around CHS.

Some of the girls began to get sleepy, so in order to keep awake we decided to play football, basketball and run track. That of the night. However about 3:30 a. m. everyone got quite and some went to sleep but a few stayed awake all night. Everyone got up about 5:30 and cleaned up the gym and then all went to their homes. Everyone had a wonderful time and are looking forward to another slumber party in the gym.

Mr. and Mrs. Charley Hendrix had as last week-end visitors in their home here their son-in-law and daughter, Mr. and Mrs. Howell Hilburn of Wichita Falls. Shirley Taylor of Tarleton College spent last week-end here with homefolks.

It is not to get you all a sales promotion campaign or excited. It is not in any sense a membership canvass. A Mission is primarily a presentation of the Christian Religion in a series of addresses and instructions, given every night for a week, so that people may have a chance to see it as a whole. To see how the parts fit in with one another and make a complete picture. All who wish to join in this great week's experience will be heartily welcome.

F. H. A. GIRLS OF
CHS HAS SLUMBER PARTY

The F. H. A. Girls of Comanche
High School had a slumber party
Friday night October 10 at the
Gym. Everyone went to the San
Saba-Comanche football game
and then to the gym for a night
of fun. The doors to the gym were
locked and guarded so that no one
could get in or out after 12 mid-
night. The program had been
planned and a few plays were
given. Another attraction was the
initiation by some of the girls of
the teachers and girls around
CHS.

Some of the girls began to get
sleepy, so in order to keep awake
we decided to play football,
basketball and run track. That of
the night. However about 3:30
a. m. everyone got quite and some
went to sleep but a few stayed
awake all night. Everyone got up
about 5:30 and cleaned up the
gym and then all went to their
homes. Everyone had a wonderful
time and are looking forward to
another slumber party in the gym.

Mr. and Mrs. Charley Hendrix
had as last week-end visitors in
their home here their son-in-law
and daughter, Mr. and Mrs. Ho-
well Hilburn of Wichita Falls.
Shirley Taylor of Tarleton
College spent last week-end here
with homefolks.

The Comanche Indians downed a hard scrapping San Saba Armadillo eleven here Friday night 14-0—to keep the locals undefeated untied 1952 record intact. The Indians opened the scoring midway in the first period, when Calvin Lee went seven yards around right end, taking a hand-off from Turner for the score.

The other Indian scoring counter came in the second period—when Turner, Weldon Hicks and Lee advanced the ball down to the 13 yard marker. After drawing a fifteen yard penalty for clipping on the next play, Calvin Lee, the Indians sensational high-scoring halfback skirted around end for 28 yards and went untouched for the score.

Weldon Hicks booted the two extra points.

Defense is Tight

The Indians met surprising opposition from the visitors in working their previously high scoring offense, but after the first few minutes of play, there was never any doubt of the game's outcome.

The Indian defensive line, especially tackle to tackle Price, Beaty, and McNutt at the tackle spots, and Weldon Bowden and Marvin Lee, turned in their best performance of the season, in limiting the Armadillos to 42 yards rushing during the night.

Defensive ends Robert McCree and Dalton Hicks turned in good performances—and linebacker, Barry Arthur, was perhaps the best defensive performer on the field.

Lloyd Biggs, first string quarter back, who suffered a bruised nose and loosened front teeth early in the game, and was used sparingly came up with the hardest tackle of the night, when he put a bruising tackle on the San Saba

safetyman, as he took in a punt in the final period.

Hicks Sparkles

San Saba did a good job in keeping the ball away from Indain Safetyman Calvin Lee, who failed to return a punt for a touchdown for the first time this season. Lee was able to play only two punts during the night—and had a 40 yard return on one of these.

San Saba kicked away and out-of-bounds on all but two plays, with several of the punts going all the way into the stands. Lee kept up his scoring average, with two touchdowns for his night's work.

Weldon Hicks, 165 pound junior fullback, came up with what was his best performance of the season. Hicks booted the two extra points, turned in a neat 50 yard run for a touchdown which was nullified by a clipping penalty, and was a consistent gainer all night.

105 yards in penalties against the Indians proved costly, rubbing out many long gains, caused principally by over anxious Indian downfield blockers, being called for clipping.

Local Scouts To
Help Get Out
Election Votes

Scout Troop 47 and Cub Pack 15 of Comanche will join with Scouts from all over the nation in helping to "Get Out The Vote" in the presidential election. Doornob hangers will be hung on every door in Comanche on November 1.

The Scouts pictured in the above mat are Cub Scout Don Ray, Boy Scout Johnny Minear, and Explorer Scout Dabney Kennedy all of Brownwood.

Scouts all over the nation will participate in the "Get Out The Vote" campaign. Some thirty million doornob hangers will be put out by the Scouts on Saturday, Nov. 1. This doornob hanger urges everyone to go to the polls on November 4 and vote.

Physical and Health
Education Program
Underway in CHS

Physical fitness and motor ability tests were recently given to all boys in Physical Education classes in Comanche High School. Tests include, 20 second squat thrust, 50 yard run, standing broad jump, jump and reach, and softball throws. These tests will again be given at the end of the year to determine a pupil's improvement in speed, coordination, and strength, during the school year.

committees were encouraging and unfinished care of systematically.

Discussions of a "First Aid Course" to be conducted in Comanche beginning October 20. This is of very great importance and those who attend will bring back instructions to the club.

The program for this meeting consisted of a demonstration by Mrs. E. R. West of "Banana Bread", and "Oatmeal HurryUps".

The hostess served pineapple cheese sandwiches, cookies, coffee, and cocoa, with the banana bread and oatmeal hurry-ups.

The gift drawing is still carried out at each meeting with good response. Mrs. Joe Fox contributed a lovely crocheted tea apron and Mrs. Taylor was the lucky winner in the drawing of names.

The club members are in great anticipation over the program for October 21 in the home of Mrs. Taylor with a book review given by Mrs. Will Tippen.

All former members of the club have a special invitation and visitors always welcome.

most intensive efforts ever made by any organization to help "Get Out The Vote."

Pictured in the mat with the Scouts are samples of the posters which will be placed in store windows. Also shown is a sample of the doornob hangers that will be used.

Death was but a few hours away.

They thought Bettie dear was insane.

And so that was readily done;
And he came home from a distance,

Ready to die for the Saviour,
And ready to live in His love.

A & P Celebrates 93rd Anniversary With Food Carnival

Another milestone was reached today by the nation's oldest food distributor, the A&P Tea Company, with an anniversary celebration featuring an "exceptional food value" for each of the firm's 93 years of existence.

"To demonstrate further our faithful adherence to A&P's 93-year-old policy of giving more good food for your money," said a company official, "we are celebrating this occasion by offering 93 regular merchandise items at exceptionally low prices."

O. I. Black, of Dallas, vice president in charge of A&P operations in this area, said that the anniversary festival will continue through October 25.

The company was founded in 1859 by the late George Huntington Hartford who sought to reduce the retail price of foods by eliminating many of the costly steps between the producer and the consumer. His ideas revolutionized the grocery industry and brought food prices down to within the budgetary limitations of the average family.

CHS Seniors To Hold Rummage Sale

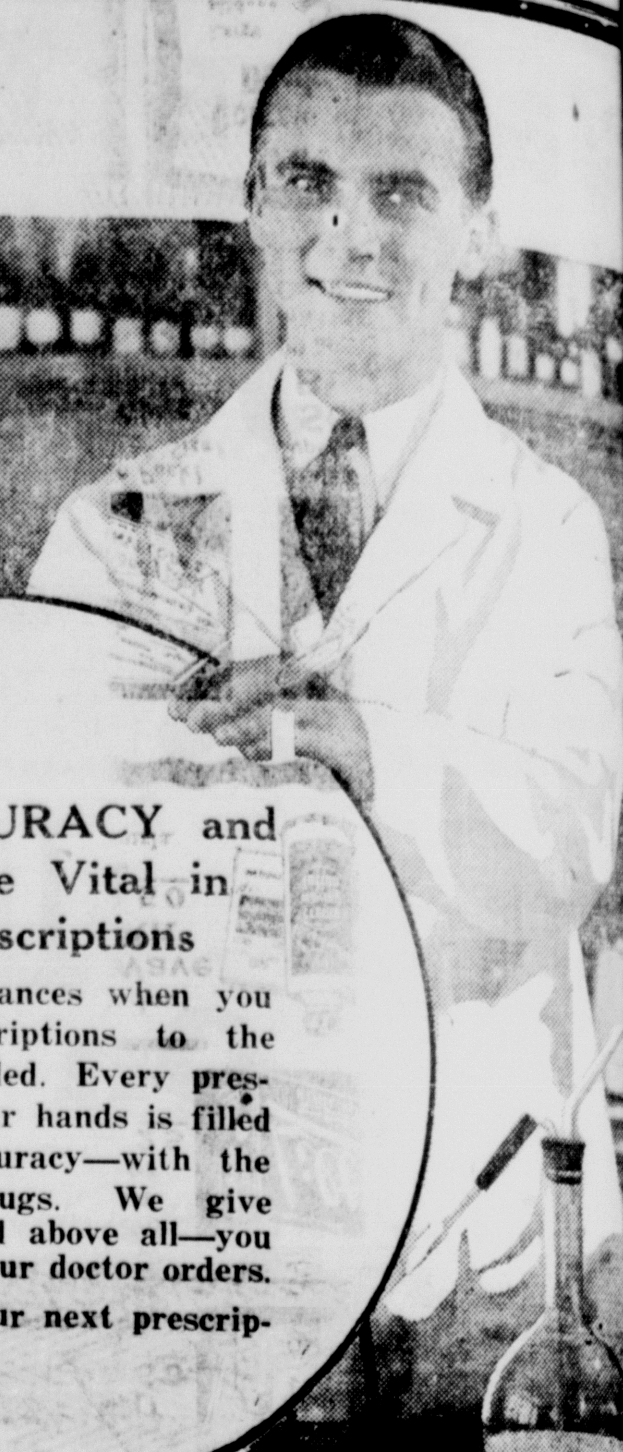

The Comanche High School Senior Class will stage a rummage sale and bake sale Saturday on the South side of the square in the building, formerly occupied by the Music Mart.

A part of the bake sale will be held in front of Durham's Pharmacy.
